Books:

History of Brunswick, Topsham, and Harpswell, Maine [aka Wheelers'] by George Augustus Wheeler and Henry Warren Wheeler, 1878. Most of my stories about William and James are from this book. A link to a digital version is below.

A Genealogical Surname Index to [Wheelers'], compiled by Shirley Simington Schilly, 1985. There's no real index in the book itself, though one can search for by name in the digital version. However, Pejepscot Historical Society (now Pejepscot History Center) published I've compiled Woodside entries, below.
